AIR SWITCH POWER OPTION

The disposer is turned ON and OFF by air pressure created by pushing the button. The air travels from the button, through the air tube which is connected to the air switch inside the electrical box. The Dual Outlet Air Switch (Built-In option) available for all models except T-560 and T-660.

It provides an extra outlet for the hot water dispenser or compactor.

- Easy Installation
- Safe to use with wet hands
- Great for islands
- No wiring - Air activation

Warranty - USA & Canada Only

TITAN[®]

FOOD WASTE DISPOSER

EXCLUSIVE FEATURES

- **TORQUE MASTER** Balanced Grinding System
- Bio Shield Antimicrobial Protection
- **Speed Master** Mounting System
- Attached Power Cord & Plug
- Corrosion Proof Grinding Components

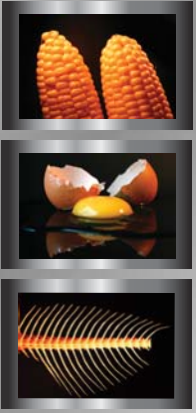

TITAN[®]

FOOD WASTE DISPOSERS

KITCHEN CONVENIENCE, HEALTHY ENVIRONMENT:

- Elimination Of Odors
- Cooking And Clean Up Is Easier And Faster
- No More Trips To The Garbage Container

Bio Shield (Antimicrobial)
For ODOR PROTECTION!
Disposers are treated with an antimicrobial agent molded inside providing protection against odor causing bacteria growth.

The magnetic Silver Guard captures most metal objects before they enter into the disposer chamber. This protective feature helps prevent damage to valuable cutlery. It also helps prevent damage to the disposer as well as expensive repairs caused by metal objects falling into the disposer.

High Performance Grinding System. The torque master grinding system is a combination of computer designed, balanced components working in unison to provide superior torque power and maximum grinding speed.

The Speed Master Mounting System has only six components and can be installed in a few minutes without the need for tools. It is much faster than the old style 3-bolt system with its ten parts and tool requirement. Attached power cord saves time and costs.

POWER!

PROTECTION!

- **TORQUE MASTER**
- Balanced Grinding System
- 2600 RPM
- Anti-Jam Stainless Steel Impellers
- Corrosion Proof Grinding Chamber
- Balanced Turntable
- Removable Splash Guard
- Attached Power Cord & Plug
- Septic Safe

T-560_{economy}

- **TORQUE MASTER**
- Balanced Grinding System
- 2600 RPM
- Anti-Jam Stainless Steel Impellers
- Stainless Steel Grinding Components
- Corrosion Proof Grinding Chamber
- Balanced Turntable
- Removable Splash Guard
- Attached Power Cord & Plug
- Septic Safe

T-660_{standard}

- **TORQUE MASTER**
- Balanced Grinding System
- 2600 RPM
- Anti-Jam Stainless Steel Impellers
- Stainless Steel Grinding Components
- Corrosion Proof Grinding Chamber
- Sound Insulated
- Balanced Turntable
- Removable Splash Guard
- Attached Power Cord & Plug
- Septic Safe

T-760_{mid duty}

- **TORQUE MASTER**
- Balanced Grinding System
- 2600 RPM
- Anti-Jam Cast Stainless Steel Impellers
- Stainless Steel Grinding Components
- Corrosion Proof Grinding Chamber
- Full Sound Insulation
- Balanced Turntable
- Removable Splash Guard
- Attached Power Cord & Plug
- Septic Safe

T-860_{heavy duty}

- **TORQUE MASTER**
- Balanced Grinding System
- 2700 RPM
- Anti-Jam Cast Stainless Steel Impellers
- Stainless Steel Grinding Components
- Corrosion Proof Grinding Chamber
- Full Sound Insulation
- Balanced Turntable
- Removable Splash Guard
- Attached Power Cord & Plug
- Septic Safe
- Silver Guard Protection

T-960_{deluxe}

- **TORQUE MASTER**
- Balanced Grinding System
- 2800 RPM
- Anti-Jam Cast Stainless Steel Impellers
- Stainless Steel Grinding Components
- Corrosion Proof Grinding Chamber
- Full Sound Insulation
- Balanced Turntable
- Removable Splash Guard
- Attached Power Cord & Plug
- Septic Safe
- Silver Guard Protection

T-1060_{premium}

BATCH FEED POWERED Models Available.

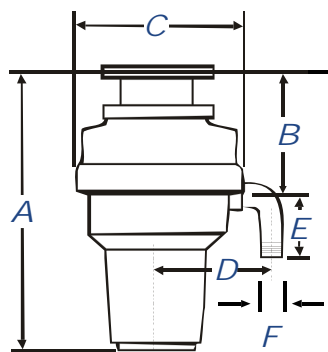

Mid Duty, Heavy Duty, Deluxe and Premium models offer a Batch Feed version. Built in switch activated by inserting stopper. No extra switch or wiring required.

TITAN[®]

Batch Feed Units

Batch Feed units add approx. 2.3"/58mm to the "A" and "B" dimension.

Measurements in inches
