* WHITE ELBOW/BLACK ELBOW

- Removable Splash Guard – Easy Cleaning
- Speed Master Mounting System – Fast, Easy Installation
- Insulated Sound Shell – Quiet Running
- Exclusive--**TORQUE MASTER** Grinding System
 - Features:
 - Laser Sharp Cutting Ring – Quick Work Of Food Waste
 - Balanced Turntable and Armature – Smooth, Vibration Free Operation
 - Stainless Steel Swivel Impellers & Cutting Components – No Failure Due To Rust
 - High Rpm, High Torque, Permanent Magnet Motor – Fast Grinding
- Attached Power Cord - For Fast Installation

EXCLUSIVE

 Treated to inhibit bacteria for **ODOR PROTECTION!**
 (A U.S. EPA REGISTERED PRODUCT)

FOOD WASTE DISPOSER

TITAN

THE ONLY DISPOSER TREATED WITH...

Treated to inhibit bacteria for **ODOR PROTECTION!**
 Patent Pending

CUTTING EDGE POWER. GIANT PROTECTION.

BIO SHIELD USE WITH DISPOSERS PATENT PENDING
 (A U.S. EPA REGISTERED PRODUCT)

TITAN

POWER! PROTECTION!

KITCHEN CONVENIENCE, HEALTHY ENVIRONMENT:

- Elimination Of Odors
- Cooking And Clean Up Is Easier And Faster
- No More Trips To The Garbage Container

Titan disposers have the **TORQUE MASTER** Balanced Grinding System – modern permanent magnet motors that are smaller, faster, and more efficient than the old, slow and bulky induction motors. These high speed, high torque motors produce speeds up to 2700 RPM and virtually eliminate jams before they can happen.

Titan is the only disposer with **Bio Shield**, a unique antimicrobial agent permanently molded into "wet" components of the disposer to eliminate bacteria caused odors. It also inhibits the growth of a wide range of micro organisms.

Titan disposers are septic safe and have removable splash guards for easy cleaning and replacement.

Titan disposers feature the **Speed Master** Mounting System – Along with factory installed power cords, make installation the fastest ever.

Titan is the logical alternative to high priced, old line disposers. We are the latest word in materials and design features while being competitively priced.

Most Types of Food Waste Can Be Placed Into Your Disposer

Small Bones
Fish Heads
Fish Bones
Egg Shells

Corn Cobs
Vegetable Scraps
Grapefruit Halves
Melon Rinds

Nut Shells
Coffee Grounds
Fruit Pits
Tea Leaves

T-560 1/2 HP

- **TORQUE MASTER** Balanced Grinding System
- 2600 RPM
- Anti-Jam Stainless Steel Impellers
- Corrosion Proof Grinding Chamber
- Balanced Turntable
- Balanced Armature
- Removable Splash Guard
- Power Cord Attached

T-660 1/2 HP

- **TORQUE MASTER** Balanced Grinding System
- 2600 RPM
- Anti-Jam Stainless Steel Impellers
- Stainless Steel Grinding Components
- Corrosion Proof Grinding Chamber
- Partial Sound Insulation
- Balanced Turntable
- Balanced Armature
- Removable Splash Guard
- Power Cord Attached

T-760 1/2 HP

- **TORQUE MASTER** Balanced Grinding System
- 2600 RPM
- Anti-Jam Stainless Steel Impellers
- Stainless Steel Grinding Components
- Corrosion Proof Grinding Chamber
- Full Sound Insulation
- Balanced Turntable
- Balanced Armature
- Removable Splash Guard
- Power Cord Attached

T-860 1/2 HP

- **TORQUE MASTER** Balanced Grinding System
- 2600 RPM
- Anti-Jam Cast Stainless Steel Impellers
- Stainless Steel Grinding Components
- Corrosion Proof Grinding Chamber
- Full Sound Insulation
- Balanced Turntable
- Balanced Armature
- Removable Splash Guard
- Power Cord Attached

T-960 3/4 HP

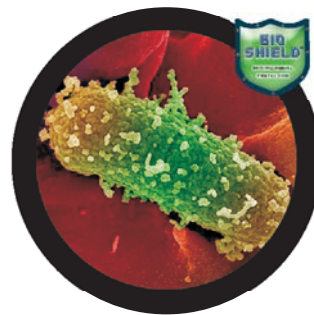

- **TORQUE MASTER** Balanced Grinding System
- 2700 RPM
- Anti-Jam Cast Stainless Steel Impellers
- Stainless Steel Grinding Components
- Corrosion Proof Grinding Chamber
- Full Sound Insulation
- Balanced Turntable
- Balanced Armature
- Removable Splash Guard
- Power Cord Attached

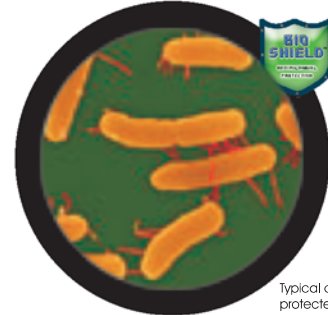

The Only Disposer Treated With

Bio Shield (Antimicrobial) for ODOR PROTECTION!
Disposers are treated with an antimicrobial agent molded inside providing protection against odor causing bacteria growth.

Escherichia coli

Salmonella

Typical of germs protected by Bio Shield

BIO SHIELD IS A U.S. EPA REGISTERED PRODUCT
BIO SHIELD USE WITH DISPOSERS PATENT PENDING

Exclusive

HIGH PERFORMANCE
BALANCED GRINDING SYSTEM

THE TORQUE MASTER BALANCED GRINDING SYSTEM is a combination of computer designed and balanced components working in unison to provide superior torque grind speed and long system life.

- High Speed - High Torque Permanent Magnet Motors
- Balanced Turntable and Armature
- All Stainless Steel Grinding Components (except T-560)
- Stainless Steel Armature Shaft
- Corrosion Proof Grinding Chamber
- Laser Sharp Cutting Ring
- Quieter Operation

The **Speed Master Mounting System** has only six components and can be installed in a few minutes without the need for tools. It is much faster than the old style 3-bolt system with its ten parts and tool requirement. Attached power cord saves time and costs.
