

Ready Chill™

Under Counter Water Chiller

Refreshing chilled water directly at your sink. **On Demand!**

The Ready Chill under sink water dispenser is available as a Cold Only Chiller or in combination with an Instant Hot Water Dispenser. Created especially to accommodate small spaces conventional dispensers are too large for. An impressive output capacity of 3 gallons per hour, the compressor driven chiller provides exceptional cooling performance. Simply connect the Ready Chill to a countertop mounted faucet for cold water on demand.

- Ice cold water for great tasting drinks like iced tea and lemonade.
- No more clumsy water jugs in the refrigerator or bottled water coolers in the kitchen.
- Up to 3 gallons per hour of chilled refreshing water.

Highlights:

- Supplies Cold Water To Any Faucet (Not Included)
- Stainless Steel Cold Water Tank
- Compact Size Fits Under Any Counter
- Adjustable Thermostat
- Convection Cooled Condenser
- Powder Coated Cold Rolled Steel Casing
- Can Be Installed With A Dual Faucet & Hot Water Dispenser
- Shock Arrestor Protects Against Mains Water Pressure Surges

Specifications

Ready Chill™

(Under Counter Water Chiller)

Measuring only 12" x 16.5" x 12", the compact design will easily fit under most sinks. The impressively quiet electric refrigeration unit installs discretely inside your base cupboard and can dispense a cool 3 Gallons an hour.
